

**South Branch Community Meeting**  
**April 20, 2005 @ 5:00 p.m.**  
**South Branch Community Center**

Those present: Karen Washinawatok, Laurie Boivin and Theodore Warrington.  
Community members present: Lloyd Pecore, August Corn, Chad Waukechon, Sharon Wescott, Clare Corn and Jessica Hebb.

Chad Waukechon from the College of the Menominee Nation was present to discuss the community survey that will be going to some tribal members regarding the strategic planning.

We need to stress to the community how important it is to fill out the surveys and send them in. The Housing department will also be sending out a survey soon and we want a good response from that.

The recessed General Council will be this Saturday, April 23<sup>rd</sup> at the Tribal School in Neopit.

Concerns with MTE following 82-10.

There will be a tax free gas island going up at the transportation site. This will provide a cash flow that will help get the c-store going.

Concern with a community member who bought a trailer and the utility company telling them that they had to pay the old utility bill attached to the trailer before they could get service.

Question regarding the waiver process. They were told to contact the Attorney's office to get some help with this.

Meeting adjourned at 6:20 p.m.
